Dear Lisa

Adventure Activities Registration

I am writing to advise you that pursuant to Regulation 6(1) of the Health and Safety in Employment (Adventure Activities) Regulations 2011 (the Regulations) your application to be registered as an Adventure Activity Operator (AAO) has been successful.

Congratulations on becoming a registered AAO. New Zealand's adventure activity sector is world-renowned and is an important contributor to our economy and our national identity. The Regulations aim to enhance professionalism and ensure consistent good practice across the sector.

Ongoing requirements

You are registered as an adventure activity operator between 14/10/2014 and 14/10/2017

To ensure that you remain registered, you will need to:

- Maintain a current safety audit certificate
- Renew your registration prior to 14/10/2017
- Only provide adventure activities that you are registered to provide
- Abide by any conditions of your current safety audit certificate.

Failure to undertake the requirements above may result in your registration being cancelled or suspended and could affect your ability to re-register in future.

Other matters

Your registration will be listed on the AAO register on WorkSafe New Zealand's website www.worksafe.govt.nz, which is a publically accessible confirmation of your registration.

Should you have any questions about your registration, please contact me on 04 901 2265.

Yours sincerely

Paul Mitchell
